### Project Description:

State Road Agency of Ukraine (the Client) has requested the European Bank for Reconstruction and Development and European Investment Bank (the "Banks") to provide funding to finance Pan-European Corridors/European Roads II Project (the "Project"). The works to be carried out include the construction of traffic interchanges at different levels at km 15+390 and km 21+847 of M-05 Kyiv-Odesa road and construction of traffic interchange at different levels at km 21+767 of M-06 Kyiv-Chop road. The Works are situated to the south and west of Kiev in the existing M-05 Kyiv-Odesa and M-06 Kyiv-Chop road.

### Assignment Description:

The Client now intends to select and contract a consulting company (the Consultant) to the Assignment, on the basis of the Request for Proposal (RFP) in attachment.

The expected outcome of the Assignment is: the consultant shall exercise the authority attributable to the Engineer, as specified in or necessarily implied from the Works Contract to ensure timely, satisfactory completion of the Works in accordance with the Contract and within the budget.

The selected Consultant is expected to provide the following engineering services but not limited to:

- services during pre-construction activities;
- administration of the civil works contract;
- approval of contractor's materials, construction techniques and programmes of works;
- direct supervision of the works and monitoring of progress, ensuring full compliance with the design, specifications and other documents;
- ensuring compliance with safeguards, including the management of environmental mitigation plans.

The Consultant shall ensure the timely supervision and control of the civil works and exercise all reasonable care to protect the interests of the Employer. While performing the assignment, reasonable care should be taken to minimize climatic impacts and to implement green-house gas reduction measures.

The Consultant shall be the Engineer under the contracts and perform the duties and authority of the Engineer as defined in the FIDIC Conditions of Contract for Construction for Works, i.e. FIDIC Conditions of Contract for Construction, 1st Edition 1999.
